

Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite_All grades

Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Date of issue: 1994/03/15 Revision date: 2020/01/02 Supersedes: 2016/11/03 Version: 9.0

SECTION 1: Identification of the substance/mixture and of the company/undertaking

Product identifier

Product form : Substances

Trade name : Dicalite Milled Expanded Perlite / Dicalite Agents GPE / Dicalite Expanded Perlite_All grades

Chemical name : Perlite FC-No : 618-970-4 CAS-No. 93763-70-3 Product code 350/536

Type of product : Inorganic compounds Product group : Trade product

Relevant identified uses of the substance or mixture and uses advised against 1.2.

1.2.1. Relevant identified uses

Main use category : Industrial use, Professional use

Industrial/Professional use spec · Chemical Use of the substance/mixture Filtering and filling

Filter aid

Function or use category : Fillers

1.2.2. Uses advised against

Restrictions on use : Any other intended applications should be discussed with the manufacturer

Details of the supplier of the safety data sheet

Company

SECTION 2: Hazards identification

Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008 [CLP]

Not classified

Adverse physicochemical, human health and environmental effects

Dust may cause mechanical irritation.

Label elements

According to EC directives or the corresponding national regulations there is no labelling obligation for this product.

Other hazards

Other hazards not contributing to the

classification

: Does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice and that precautions are taken to avoid the inhalation of dust. Dust may cause mechanical irritation. May cause irritation to the respiratory tract. May be slightly irritating to skin and eyes.

SDS Ref.: MSDS-01/E

Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite **Expanded Perlite All grades**

Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Version: 9.0

SECTION 3: Composition/information on ingredients

: Exempted from REACH regulation, Annex V Substance type

Name	Product identifier	%	Classification according to Regulation (EC) No. 1272/2008 [CLP]
Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite _All grades	(CAS-No.) 93763-70-3 (EC-No.) 618-970-4	≈ 100	Not classified

Comments : Silica, respirable crystalline

<0.1% fine fraction

Mixtures

Not applicable

SECTION 4: First aid measures

Description of first aid measures

First-aid measures general : If you feel unwell, seek medical advice.

First-aid measures after inhalation If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for

breathing.

First-aid measures after skin contact : Wash with water and soap as a precaution. Take off contaminated clothing and wash before

First-aid measures after eye contact IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Do not rub eyes, cornea damage possible. Obtain medical

attention if pain, blinking or redness persists. Consult an ophtalmologist if irritation persists.

First-aid measures after ingestion Rinse mouth out with water.

Most important symptoms and effects, both acute and delayed

Symptoms/effects : Dust may cause mechanical irritation.

Symptoms/effects after inhalation Cough.

Symptoms/effects after skin contact : Dust may cause mechanical irritation.

Symptoms/effects after eye contact : redness, pain, mild eye irritation. Mechanical irritation.

Indication of any immediate medical attention and special treatment needed

Treat according to symptoms (decontamination, vital functions), no known specific antidote.

SECTION 5: Firefighting measures

Extinguishing media

Suitable extinguishing media : The product is not flammable. Use extinguishing media appropriate for surrounding fire.

Unsuitable extinguishing media : Do not use a heavy water stream.

Special hazards arising from the substance or mixture

Fire hazard : Not combustible. Explosion hazard : None known. Reactivity in case of fire : None known. Hazardous decomposition products in case of : None known.

fire

2020/01/02

Advice for firefighters

Precautionary measures fire : No special technical protective measures required. Approach from upwind.

Firefighting instructions Personal protection during fire fighting.

Protection during firefighting Measures in case of dust release. Wear self-contained breathing apparatus and protective suit

(see section 8)

Other information : Avoid dust formation.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

General measures

Avoid dust formation. Body protection must be chosen depending on activity and possible exposure, e.g. apron, protecting boots, chemical-protection suit (according to EN 14605 in case of splashes or EN ISO 13982 in case of dust). Concerning personal protective equipment to

SDS Ref.: MSDS-01/E

use, see section 8.

Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite_All grades

Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

6.1.1. For non-emergency personnel

Protective equipment : For further information refer to section 8: "Exposure controls/personal protection".

Measures in case of dust release : In case of dust production: keep upwind.

6.1.2. For emergency responders

Protective equipment : For further information refer to section 8: "Exposure controls/personal protection".

6.2. Environmental precautions

No special technical protective measures required.

6.3. Methods and material for containment and cleaning up

For containment : Powdered form: no compressed air for pumping over. Dust binding agents. Collect all waste in

suitable and labelled containers and dispose according to local legislation.

Methods for cleaning up : Handling large quantities of product: Take up mechanically (sweeping, shovelling) and collect in

suitable container for disposal. Take up large spills with pump or vacuum.

Other information : Avoid dust formation. Avoid static electricity discharges.

6.4. Reference to other sections

Reference to other sections (8, 13). SECTION 7.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Additional hazards when processed : Use personal protective equipment as required. No specific measures are required if the

product is handled in accordance with the general rules of occupational hygiene and safety.

Precautions for safe handling : Avoid contact with skin and eyes. Avoid dust formation. Ensure there is adequate ventilation. Carry out operations in the open/under local exhaust/ventilation or with respiratory protection.

Refer to: Exposure guidelines. Handle in accordance with good industrial hygiene and safety

Version: 9.0

procedures

Hygiene measures : Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Do not eat, drink or smoke when using this product. Wash

hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Wash contaminated clothing before reuse.

7.2. Conditions for safe storage, including any incompatibilities

Technical measures : Use grounded electrical/mechanical equipment. Emergency eye wash fountains and safety

showers should be available in the immediate vicinity of any potential exposure.

Storage conditions : All containers must be labelled to warn against exposure. Store in dry protected location to

prevent any moisture contact. Keep container tightly closed to avoid moisture absorption and

SDS Ref.: MSDS-01/E

contamination.

Incompatible products : Keep away from : Strong acids. Strong bases. Oxidizing agent. Reducing agent. Water.

Hydrofluoric Acid.

Heat and ignition sources : Protect from heat and direct sunlight.

Information on mixed storage : Odour agents.

Storage area : Keep container in a well-ventilated place.

7.3. Specific end use(s)

For the relevant identified use(s) listed in Section 1 the advice mentioned in this section 7 is to be observed.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Dicante Milled Expanded Peritte / Dicante Agents GPE /Dicante Expanded Peritte_All grades (93/63-70-3)		
EU	IOELV TWA (mg/m³)	5 mg/m³ respirable dust:/10mg/m3: inhalable dust

European Union Legislation : Components with occupational exposure limits

8.2. Exposure controls

Appropriate engineering controls:

General exposure limit for inhalable particulate matter. Ventilation, local exhaust, or breathing protection.

Personal protective equipment:

Dust formation: dust mask. Dustproof clothing. In case of dust production: protective goggles. Gloves.

Hand protection:

Standard EN 388 - Protective gloves against mechanical risk. Barrier cream

Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite_All grades

Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Eye protection:

In case of dust production: protective goggles. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure

Version: 9.0

Skin and body protection:

Body protection must be chosen depending on activity and possible exposure, e.g. apron, protecting boots, chemical-protection suit (according to EN 14605 in case of splashes or EN ISO 13982 in case of dust)

Respiratory protection:

Dust formation: dust mask. Wear a full face respirator conforming to EN136 with Type A/P2 filter or better

Thermal hazard protection:

No special technical protective measures required.

Environmental exposure controls:

Assure that emissions are compliant with all applicable air pollution control regulations.

Other information:

Do not breathe dust.

pН

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state : Solid
Appearance : Powder.

Colour : White to off-white.

Odour : odourless.

Odour threshold : not applicable, odour not perceivable

Not applicable

pH solution 100 (5,5 - 9) g/l Relative evaporation rate (butylacetate=1) Not applicable Melting point Not applicable Freezing point Not applicable Boiling point : Not applicable Flash point Not applicable Auto-ignition temperature Not applicable Decomposition temperature Not applicable Flammability (solid, gas) Not applicable Not applicable Vapour pressure Relative vapour density at 20 °C Not applicable Relative density : No data available Density : 100 - 180 kg/m³ Solubility Water: Insoluble Log Pow Not applicable Viscosity, kinematic Not applicable Not applicable Viscosity, dynamic Explosive properties Not explosive. Oxidising properties Not applicable. **Explosive limits** : Not applicable

9.2. Other information

Softening point : > 800 °C
Bulk density : Not determined

Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite All grades

Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

: If necessary, information on other physical and chemical parameters is indicated in this section.

Version: 9 0

Additional information : No further information available.. (Read the technical data sheet). Specifications and technical

informations on the product may be obtained by your dealer

SECTION 10: Stability and reactivity

10.1. Reactivity

Other properties

None under normal conditions.

10.2. Chemical stability

Stable under normal conditions of use.

10.3. Possibility of hazardous reactions

Polymerisation: none.

10.4. Conditions to avoid

Moisture.

10.5. Incompatible materials

Oxidizing agent. Acids. Hydrofluoric Acid.

10.6. Hazardous decomposition products

No hazardous decomposition products if stored and handled as prescribed/indicated.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity (oral) : Not classified (Based on available data, the classification criteria are not met)
Acute toxicity (dermal) : Not classified (Based on available data, the classification criteria are not met)
Acute toxicity (inhalation) : Not classified (Based on available data, the classification criteria are not met)

Additional information : Silica dust (inert - but may irritate respiratory tract and eyes).

Skin corrosion/irritation : Not classified (Based on available data, the classification criteria are not met)

pH: Not applicable

Additional information : Repeated or prolonged contact may cause slight irritation to the skin

Serious eye damage/irritation : Not classified (Based on available data, the classification criteria are not met)

. Not oldesined (Edeca on available data, the oldesineditor offend die not me

pH: Not applicable

Additional information : May cause slight irritation to eyes

Respiratory or skin sensitisation : Not classified (Based on available data, the classification criteria are not met)

Additional information : May cause slight irritation

Germ cell mutagenicity : Not classified (Based on available data, the classification criteria are not met)
Carcinogenicity : Not classified (Based on available data, the classification criteria are not met)

Reproductive toxicity : Not classified (Based on available data, the classification criteria are not met)

STOT-single exposure : Not classified (Conclusive but not sufficient for classification)

STOT-repeated exposure : Not classified (Based on available data, the classification criteria are not met)

Aspiration hazard : Not classified (Based on available data, the classification criteria are not met)

Potential adverse human health effects and

symptoms

Other information

: Dust may cause mechanical irritation.

: When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us. The product has not been tested. The statement has been derived from substances/products of a similar structure or composition.

SDS Ref.: MSDS-01/E

SECTION 12: Ecological information

12.1. Toxicity

Ecology - general : Not classified as dangerous according to the criteria of Regulation (EC) No 1272/2008. Not expected to present a significant hazard under anticipated conditions of normal use.

Ecology - air : Not determined.

Ecology - water : No data available on ecotoxicity. The product is not very soluble in water and can thus be removed from water mechanically in suitable effluent treatment plants. Avoid discharge of the

product as is into the environment.

Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite All grades

Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Version: 9.0

Hazardous to the aquatic environment, short-

term (acute)

: Not classified (Based on available data, the classification criteria are not met)

Hazardous to the aquatic environment, long-

term (chronic)

: Not classified (Based on available data, the classification criteria are not met)

12.2. Persistence and degradability

Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite_All grades (93763-70-3)		
Persistence and degradability	Not applicable for inorganic substances.	

12.3. Bioaccumulative potential

Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite_All grades (93763-70-3)	
Log Pow	Not applicable
Bioaccumulative potential	Low bioaccumulation potential.

12.4. Mobility in soil

Dicalite Milled Expanded Perlite / Dicalite Age	nts GPE /Dicalite Expanded Perlite_All grades (93763-70-3)
Mobility in soil	Not determined

12.5. Results of PBT and vPvB assessment

No additional information available

12.6. Other adverse effects

Other adverse effects : When used and handled according to specifications, the product does not have any harmful

effects according to our experience and the information provided to us.

Additional information : Avoid undiluted product to come into sewer or superficial water

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Regional legislation (waste) : Disposal must be done according to official regulations.

Waste treatment methods : Collect all waste in suitable and labelled containers and dispose according to local legislation.

Sewage disposal recommendations : Do not discharge into drains or the environment.

Product/Packaging disposal recommendations : Uncontaminted packaging can be re-used. Dispose in a safe manner in accordance with

local/national regulations.

Additional information : Handle uncleaned empty containers as full ones. Empty containers should be taken for

recycling, recovery or waste in accordance with local regulation.

SECTION 14: Transport information

In accordance with ADR / RID / IMDG / IATA / ADN

ADR	IMDG	IATA	ADN	RID

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

15.1.1. EU-Regulations

No REACH Annex XVII restrictions

Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite_All grades is not on the REACH Candidate List Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite_All grades is not on the REACH Annex XIV List Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite _All grades is not subject to REGULATION (EU) No 649/2012 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 4 July 2012 concerning the export and import of hazardous chemicals. Dicalite Milled Expanded Perlite / Dicalite Agents GPE /Dicalite Expanded Perlite _All grades is not subject to Regulation (EU) No 2019/1021 of the

Other information, restriction and prohibition regulations

: If applicable information is provided in this section on other hazards which do not result in classification but which may contribute to the overall hazards of the substance or mixture. This does not in any way excuse the user from knowing and applying all the regulations governing his activity. It is the sole responsibility of the user to take all precautions required in handling the product.

SDS Ref.: MSDS-01/E

15.1.2. National regulations

No additional information available

Users should ensure that they comply with any relevant local, provincial or national legislation.

European Parliament and of the Council of 20 June 2019 on persistent organic pollutants

15.2. Chemical safety assessment

No chemical safety assessment has been carried out
