PRS
Printasolve

PRS is a unique blend of solvents designed to remove ink from a variety of surfaces; for example, printer and typewriter rollers, ink jet printer heads, processing and printing equipment and franking machines.

- Ideal for the professional engineer and maintenance personnel in offices, factories, and workshops etc.
- Removes ink (solvent or oil based) from most surfaces
- Highly effective and economic to use
- "Re-textures" rubber print rollers; improves grip and performance

Typical Properties

Colour:	Clear Colourless Liquid
Flash Point:	13°C
Viscosity (mPa s):	10

Description	Packaging	Order Code	Shelf Life
Printasolve	400ml Aerosol	PRS400D	36 Months

Directions for Use

Spray on to a lint free cloth or bud and rub the area to be cleaned with the impregnated material. For a perfect finish use Electrolube Air Duster (EAD) to aid drying.

Please note that this product contains a flammable solvent and should not be used near a naked flame, on live equipment or near any source of ignition.

PRS is a very strong solvent blend and is not suitable for use on sensitive plastics such as Polystyrene, Polycarbonate or ABS. Test on an unobtrusive area if unsure of the plastics compatibility.
