GRG
Graffiti Remover Gel

GRG has been specially formulated for the quick and efficient removal of felt tip pen, ball point pen ink, most paints, crayon, lipstick and stencilling ink. Suitable for removal of graffiti from many different types of surface including glass, plastic, painted metalwork, brickwork and wooden surfaces

- High viscosity gelled product; ideal for application on vertical surfaces
- Low volatility; longer contact time and low odour product
- Removes graffiti from porous and semi porous surfaces
- Harmless to most plastics and metals; test sensitive plastics on a small area first

Typical Properties

Form:	Gelled, colourless liquid
Flash Point:	< 0°C
Odour:	Characteristic

Description	Packaging	Order Code	Shelf Life
Graffiti Remover Gel	400ml aerosol	GRG400	48 Months

Directions for Use

For the removal of graffiti from all types of surface; testing is advised on sensitive substrates. Product contains non-ionic surfactants in a mixture of non-aromatic solvents. The product is propelled by liquefied petroleum gas and should be kept away from naked flames and heated surfaces.

Shake well before use. Spray aerosol onto surface from 10 – 30 cm, depending on width of spray required. Allow to be absorbed for 1 – 5 minutes (depending on age and stubbornness of stains). Remove softened ink or paint with a cloth or brush. Repeat procedure if required.
